Melbourne, Australia, July 17, 2025: Immuron Limited (ASX: IMC; NASDAQ: IMRN), an Australian based and globally integrated biopharmaceutical company is pleased to announce continued sales growth (unaudited) of Travelan®, an over-the-counter immune supplement that targets pathogenic bacteria and the toxins they produce in the gastrointestinal (GI) tract.

Global Year to Date Net Sales (\$AUD)

Flavio Palumbo, Chief Commercial Officer said “Immuron has exceeded sales projections and achieved record FY25 sales of A\$7.3 million, with growth just shy of 50% on last year. In FY25 we set out to make Travelan the must have travel essential for consumers and retailers. This is a fantastic result, supporting our clear growth strategy. Australia, on the back of increased consumer engagement and a clear pharmacy visibility program achieved annual sales of A\$5.2 million, growth of 40% on last year. Travelan is now one of the fastest growing brands in pharmacy in Australia. Our North American business continues to produce record results with strong USA sales to Amazon with improved, more targeted communication focused on the benefits of Travelan driving more users into the brand. This together

with establishing good distribution of Travelan in Canada resulted in North American sales of A\$2 million, growth of 76% on last year. We have achieved record Travelan sales in all markets. In FY26 we will invest to grow in North America while continuing the momentum in Australia.”

About Travelan®

Travelan® is an orally administered passive immunotherapy that prophylactically reduces the likelihood of contracting travelers’ diarrhea, a digestive tract disorder that is commonly caused by pathogenic bacteria and the toxins they produce. Travelan® is a purified tablet preparation of hyper-immune bovine antibodies and other factors, which when taken with meals bind to diarrhea-causing bacteria and prevent colonization and the pathology associated with traveler’s diarrhea. In Australia, Travelan® is a listed medicine on the Australian Register for Therapeutic Goods (AUST L 106709) and is indicated to reduce the risk of Traveler’s Diarrhea, reduce the risk of minor gastro-intestinal disorders and is antimicrobial. In Canada, Travelan® is a licensed natural health product (NPN 80046016) and is indicated to reduce the risk of Traveler’s Diarrhea. In the U.S., Travelan® is sold as a dietary supplement for digestive tract protection.

About Traveler’s diarrhea

Traveler’s Diarrhea is a gastrointestinal infection with symptoms that include loose, watery (and occasionally bloody) stools, abdominal cramping, bloating, and fever, Enteropathogenic bacteria are responsible for most cases, with enterotoxigenic *Escherichia coli* (ETEC) playing a dominant causative role.
